EMI Burden	25 Pts	19 / 25	Proposed EMI (INR 21,494) comfortably absorbed by cash surplus	Sustainable
TOTAL FINANCIAL HEALTH COMPOSITE INDEX		88 / 100	Standing: EXCELLENT (Top 12th Percentile of Borrowers)	A+ GRADE

5. EXPLAINABLE AI UNDERWRITING RATIONALE (GEMINI ENGINE)

EXECUTIVE UNDERWRITING SUMMARY & RISK COMMENTARY

The applicant profile exhibits resilient debt-service capabilities with moderate exposure to variable spending. Credit bureau history reflects consistent adherence to schedules, and emergency liquidity runway covers over 15 months of ongoing obligations.

6. CREDIT RISK ASSESSMENT & SENSITIVITY MATRIX

KEY UNDERWRITING STRENGTHS & PILLARS

- Debt Service Coverage: DTI of 35.2% leaves a substantial 14.8% safety cushion below ceiling.
- Credit Discipline: CIBIL bureau history shows flawless on-time settlement with zero defaults.
- Liquidity Resilience: Existing liquid reserves cover 15.5 months of living expenses during stress.

RISK SENSITIVITIES & WATCHPOINTS

- Interest Sensitivity: Floating rate loans carry exposure to central bank rate hike cycles.
- Auxiliary Debt Restraint: Avoid opening new short-term consumer credit lines in the first 12 mos.
- Prepayment Efficiency: Allocating annual bonuses to prepayments can save over INR 75,000 interest.

7. NEXT 30-DAY CHRONOLOGICAL EXECUTION ROADMAP

W1

Phase 1 (Days 1–7): Execution Action

Collate digitally verified salary slips, 6 months bank statements, and PAN/Aadhaar identity documentation.

W2

Phase 2 (Days 8–14): Execution Action

Ensure all revolving credit card balances remain under 30% utilization limit prior to final bureau refresh.

W3

Phase 3 (Days 15–21): Execution Action

Execute digital loan sanction agreement and configure automated repayment mandate on primary salary account.

W4

Phase 4 (Days 22–28): Execution Action

Confirm net loan proceeds credit in primary account and synchronize monthly EMI calendar with cashflow budget.

8. AUDIT CERTIFICATION & SECURITY AUTHENTICATION

INSTITUTIONAL UNDERWRITER CERTIFICATION
